Abe Martin

"Girls look a lot better in the win-
ter time than they used to in the
old sleigh-riding days of run-
ning noses in cracked cheeks," sighed
Ted Binkley when in a reminiscent
mood today. Conscience is that in-
visible something that warns us that
we're either going to get poisoned or
catch the diphtheria when we get home.

OPEN PLENARY SESSION AT ST. JAMES PALACE

NAVAL CONFERENCE DELE-
GATES HOLD PRIVATE
CONFERENCE

IMPORTANT MEETING

Review Of What Has Been Ac-
complished During Earlier
Sessions

BY MYRON PRICE
(Associated Press Staff Writer)
London, Jan. 29.—With a
continued round-robin of private
conferences and consultation, the
national delegates to the five-
power naval conference today made
extensive preparation for tomor-
row's important open plenary ses-
sion at St. James' palace.

Out of all the scattered meet-
ings there came continuing assur-
ance of progress although all dele-
gations were extremely cautious
about disclosing details. A con-
sensus of statements from the five
delegation headquarters indicated that
in the week since the conference
convened the following seemed to-
day to have been or about to be
accomplished.

First, and of primary importance,
the British and French have ap-
proached a compromise combining
the global and categorical methods
of measuring navies so that each
nation will be allotted a total ton-
nage which she may distribute
more or less as she sees fit among
the various classes of ships. This
will be discussed at tomorrow's
plenary session with prospects of
general acceptance.

Second, France and Italy tempo-
rarily have suspended their disagree-
ment over the Italian claim to a
navy as large as the French with
the understanding the Italian
delegation will have an opportunity
tomorrow to expand further her
theory of parity.

Third, the Americans remaining
aloof from these difficulties, have
made substantial progress with
their efforts to have cruisers con-
sidered first when ship classes are
finally taken up.

Fourth, under American lead-
ership the conference has determined
to throw open all its plenary ses-
sions to the press of the world.

Perhaps to this list should be ad-
ded the general accomplishment of
having brought the conference thru
its initial week without an impor-
tant diplomatic disagreement over
parity.

Especially in recent weeks the
conference powers have realized it
would be easy to stir sensitive na-
tional emotions at the very outset
by muddying the waters of inter-
national conciliation. The Ameri-
cans and British following the
best of President Hoover and Pre-
mier MacDonald, particularly have
been careful to avoid such a de-
velopment.

In pursuance of a plan of cau-
tion, the three-cornered cruiser
problem has been kept in the back-
ground by the Americans, British,
and Japanese. Great Britain and
France appear to be adjusting quiet-
ly their differences over global ton-
nage and other subjects which a
month ago seemed a serious bar-
rier to agreement.

Italy's claim to parity with any
other continental power and France's
opposition to that premise alone
have broken the bounds of the pri-
vate conference room and approach-
ed public controversy. Even that
today seemed quieted for a mo-
ment although no one in informed
circles dreamed it had been set-
tled.

London, Jan. 29.—(P)—First Lord
of the Admiralty Alexander told the
house of commons this afternoon
that Britain's cruiser strength in
the naval estimates for the next ten
years would depend on the results
of the five power naval conference.

Asked what increase or decrease
of the naval estimates would result
from fixing the number of cruisers
at fifty, he replied: "There are at
present fifty-four British Empire
cruisers built, and four others in an
advanced stage of construction."

The effect on the British esti-
mates of fixing the total at fifty
cruisers depends on the size of the
cruisers laid down and the type of
the cruisers built to replace those
that become obsolete.

FRACTURES SKULL IN FALL FROM HAY LOFT; DIES TODAY

John Forthick, 66, sustained a frac-
tured skull when he fell from a hay
loft at the farm of Leo Hubert two
miles northeast of St. Anne last
yesterday afternoon. He was brot
to St. Mary's hospital in this city
and died this morning.

Forthick was a resident of Chicago
and had been employed by Mr. Hu-
bert several weeks ago as a farm
hand.

LAZZERS CO. HAS SPECIAL THREE PAGES

ARTICLES TELL "HOW TO
MAKE HOME EXPRESS
PERSONALITY"

NEW PAYMENT PLAN

Explains New Fifty-Fifty Time
Payment Arrangement
Now In Use

"How to Make Your Home Ex-
press Personality" is the motif
of a special advertising section ap-
pearing in tonight's Daily Republi-
can on pages 7, 8 and 9. It is en-
titled the "Home Modernization Sec-
tion," by the Lazzers Furniture com-
pany of this city, and is a rather un-
ique and intensely interesting ex-
ample of constructive advertising
especially designed by one of Kan-
kakee's most progressive business
houses.

Groups of Articles
Its background is a group of ar-
ticles on home decoration, furniture
selection and furniture arrangement,
written by Helen Townsend Barton
and Ross Craine, well known autho-
rities on interior decoration. In
these articles the principles of home
furnishing and decoration for intelli-
gency, coziness, beauty, practicality,
and usefulness are explained in sim-
ply language. They will make a
valuable addition to the scrapbook
of everyone interested in the devel-
opment and maintenance of beau-
tiful and livable home interiors.

"More girls leave home because
of dissatisfaction over conditions
there than for any other reason, ac-
cording to a published report of a
speech made by a general director
of the National Association of Travel-
ers' Aid Societies. Of 5,000 young
runaways, he said, 40 per cent of
the girls gave this one reason—a re-
volt against ugly and old-fashioned
home surroundings and furnishings. This
is one of the interesting items
brought out in this special section.

Only two small columns are de-
voted to the presentation of special
bargains and, according to the store
management, these values are really
sensational. The new 50-50 payment
plan, which is also being used by
several other firms in Kankakee, is
also explained, and is of interest to
those who plan to purchase new
furniture on the time payment plan.

"The Lazzers Furniture Company
does not sell or refinance its ac-
counts," said A. J. Lazzers in com-
menting on this new feature.

HENRY BECKMAN SALE ATTENDED BY GOOD CROWD

The sale of livestock, implements
and other farm property, held at
the Henry Beckman farm yester-
day, was largely attended and it is
estimated that between 400 and 500
automobiles were on the grounds.

In the main, prices were good
and the sale netted in excess of
\$10,000. Bidding was brisk and in
spite of the large amount of prop-
erty offered, the sale was completed
in one day. The crowd came early,
the sale starting promptly at
10 o'clock, and remained all day.
The property, all of which be-
longed to the Beckman farm, had
been carefully cared for, was in ex-
cellent condition, and was quickly
snapped up. Clark, Gorman, and
Legro and White were the auction-
eers. Allen Cooper, Fred Legris,
and Charles Asher were the clerks.

TALES OF THE PIONEERS ON THE KANKAKEE

The second installment of "Tales
of the Pioneers on the Kankakee"
—the first of which appeared last
Saturday, written by Kankakee's
historian, Burt L. Burroughs, will
be found on page 3 of this issue.
These articles are unusually in-
teresting and well worth reading.

FORMER KANKAKEE BOY DELIVERING SAFETY LECTURES

A recent issue of the Appleton,
Wis., Post-Crescent carried a pic-
ture and descriptive matter rela-
tive to a former Kankakee, El-
wood T. Bailey, who delivered a
lecture in that city before the fourth
annual Appleton Safety school.

Mr. Bailey resided in Kankakee
during his younger days and has a
large number of friends in this
city. He is a brother of Frank
Bailey of Milwaukee, who quite
frequently pays Kankakee a visit
as the home of his father-in-law,
C. E. Swannell.

In telling of Elwood Bailey, the
Post-Crescent says: "Elwood T.
Bailey of San Diego, Cal., gave the
principal address on 'Fifty Speed
Ahead.' Bailey is a business man
and philosopher. He has a terrific
force of enthusiasm which puts
him over on the platform. He is
dynamic and deals with real issues
and real difficulties, and he has
something to say to everyone."

KANKAKEE COUPLE HURT IN ACCIDENT

Mr. and Mrs. Joseph Gutendorf
of this city are patients at St.
Francis hospital at Blue Island fol-
lowing an automobile accident Sun-
day evening about 6:30 o'clock, near
Oak Forest. Both were seriously
injured. Mr. Gutendorf's condi-
tion is regarded as the most seri-
ous.

The Gutendorfs, with Mr. and
Mrs. Dick Cavender and Joseph
Gutendorf, Jr., all of this city,
were on their way to Chicago when
their car was struck by an auto-
mobile driven by Edmund Riley of
Chicago. Mr. and Mrs. Gutendorf
were riding in the rear seat and
received the full shock of the col-
lision. No one else was injured ex-
cept a woman in the Riley car,
who suffered minor hurts.

ACCIDENT VICTIM MAY NOT RECOVER

The condition of Thomas Wilson,
a southern Illinois man who was
severely injured Sunday night when
his car collided with a truck on the
Dixie highway near St. Anne, was
reported to be very grave at St.
Mary's hospital today and little hope
is held for his recovery. He suffer-
ed a broken leg and concussion of
the brain which rendered him un-
conscious since the accident.

W. H. Wilson, a brother of the
man in the hospital, was also in-
jured in the crash as was Aaron
Hutchinson. The other two were
released from the hospital Monday.
The truck was owned by the Watts
Transfer line of Danville and was
in charge of Emil Hoover and George
Adams. It is alleged that the truck
carried no lighted tail lamp when
Wilson's car crashed into it. He
was enroute to Gary, Ind.

BLIND WOMAN MISUSED AND ROBBED OF \$10

Mrs. Lavina Lamonde, blind wife
of Desire Lamonde, 347 West Hick-
ory street, was misused and robbed
of \$10 last evening by an unde-
fined intruder, according to a report
made to police.

Mrs. Lamonde told the officers
that someone entered the rear door,
struck her, and knocked her down.
He then searched the house and
said, and took a building and Loan
association saving bank containing
the \$10. After finishing his search,
he took her by the hand and led her
outdoors, locking the door behind
her. Warning her that if she made
any outcry or any move within ten
minutes, he would shoot her, he
disappeared.

After he had gone, the victim
called for help and was assisted
back into the house. She said that
the hand which led her was small
like a boy's and that his voice
sounded like a boy's.

30 DAYS IN JAIL

F. Tate, arrested at Danville for
beating a board bill at the Broul-
lette hotel in this city, pled guilty
when arraigned today and was sen-
tenced to 30 days in the county
jail. Assistant State's Attorney C.
W. Kurtz prosecuted the case.

PROGRESS IS REPORTED IN 'Y' CAMPAIGN

J. A. ENNIS, PRESIDENT OF
BOARD, ORGANIZING
THE DRIVE

LISTS "Y" IDEALS

"To Secure The Alliance Of
Men And Boys To Christ's
Ideal Of Life"

J. A. Ennis, general chairman of
the Y. M. C. A. finance campaign
reported this morning splendid pro-
gress in organizing for the drive. He
has enlisted four men who will each
head divisions in the campaign.
The managers of the four divisions
are G. E. Anderson, A. R. Beard,
George Gardner, and J. G. Ginger.
These men are now enlisting their
captains. A meeting of all managers
and captains will be called for Thurs-
day evening of this week. At that
time the various team captains will
choose their team associates, policies
as to the campaign will be agreed
upon, and full information will be
given to the captains.

The aims and ideals of the Y. M.
C. A. were set forth by Ennis last
night. He named the following as
being objectives of the Association:
To develop and sustain in men an
intelligent interest in boys and help-
ful cooperation with their normal
activities; through the publicity
given Christian ideals by the asso-
ciation equipment and activities to
set in the community a high stan-
dard of public expectation as to the
character, habits and living effi-
ciency of men and boys; to encour-
age and facilitate the turning of leisure
hours into self development and
helpful service; to secure the allegi-
ance of men and boys to Christ's
ideal of life and to make clear and
practical the fundamental relation
between their religion and their
character and usefulness.

To furnish a non-sectarian and
non-partisan initiative or afford un-
biased clearing house facilities for
social agencies whose efficiency will
be increased by co-operation; to
train men and boys in the habits of
self betterment and unselfish ser-
vice; to safeguard men and boys in
the dangerous periods of transition
from country to city life, from school
to work, from one occupation to
another, etc.; to give boys and men
increased earning capacity so that
they may live better, furnish bet-
ter opportunities for those depend-
ent upon them and give more large-
ly to benevolent causes and move-
ments making for the common good;
to encourage and provide means
for wholesome recreation; to stand
as a strong supporting ally to the
church and all other public and
semi-public movements that seek to
promote the general welfare; through
enlisting men in the leadership and
conduct of the varied activities of
the association to furnish them un-
der the guidance of expert super-
vision opportunities for self expression.

address the luncheon of the Kan-
kakee Rotary club on January 30, is
manager of the Northern Central
Division of the Chamber of Com-
merce of the United States. He has
been identified with the National
Chamber since the early part of the
World War. At that time he was
closely connected with the work of
the National Chamber in organizing
the industries in the central West
as part of the plan carried out by
the National Chamber at the re-
quest of the War Industries Board.

He has charge of the activities and
interests of the National Chamber

Rotary club in the world. From 1926-
28, he was president of this organi-
zation with a membership of nearly
600 Chicago business leaders.

committee of eight which was select-
ed to build the \$15,000,000 Civic Au-
ditorium and Exhibition hall in Chi-
cago two years ago, being chairman
of the sub-committee to determine
the arrangements and requirements
of this colossal structure.

Due to his many contacts he has a
wealth of experience in dealing with
business men and business organi-
zations. This has placed him in a
position where he can discuss the
national problems affecting business
in an intelligent fashion.

FLAMES DESTROY FRAME HOME IN WEST KANKAKEE

A two story frame residence at 264
South Cannon avenue, West Kan-
kakee, was almost completely de-
stroyed by fire early this afternoon.
The house was owned by Edward
White and tenanted by the family of
J. W. Rapier, an employee of the
Florence Stove company.

The fire was discovered at about
12:15 o'clock by Leonard Johnson,
nine year old son of Mr. and Mrs.
O. L. Johnson, who live in the house
adjoining. At that time, the fire
was attacking the upper part of the
building.

Fire squad number one first an-
swered the call, then called for more
hose from the west side station. It
was necessary to lay 2,000 feet of
hose, stretching from a hydrant five
blocks away on West Station street,
before a stream of water could be
used on the flames. In spite of the
delay caused by the distant hydrant,
the firemen saved the lower part of
the house.

A part of the furnishings on the
lower floor of the home were saved.
There are several small children in
the family.

The volunteer fire department of
the Florence Stove company was on
the job immediately and materially
aided the regular firemen.

RELIEF ASKED FROM VICTIMS OF THE FLOOD

RED CROSS HEADQUARTERS
ASKS COUNTY CHAPTERS
TO RAISE FUNDS

LOCAL CAMPAIGN

Donations Will Be Received At
Kankakee Banks And Sent
To Headquarters

The mid-western branch of the
American Red Cross, located at St.
Louis, has sent to all county chap-
ters a special for funds to be used
for the relief of the suffering in the
Illinois-Indiana present flood dis-
tricts. Rev. David O'Leigh, presi-
dent of the Kankakee County Chap-
ter of the American Red Cross, was
in receipt of the appeal yesterday,
and with the co-operation of his
board of directors is sponsoring an
appeal in Kankakee County for this
worthy cause.

Donations are to be made directly
to the City Trust & Savings Bank
and to the First Trust & Savings
Bank, where all money will be re-
ceived, and turned over to the Coun-
ty Chapter to remit to headquarters
immediately. Continued reports re-
ceived from the flood districts in
Indiana and Illinois point to an in-
creased need for relief funds and
every citizen is urged to contribute
in a small way to the relief of the
flood sufferers. We never know
when disaster will strike home and
how grateful we would then be for
relief from the outside.

Needy Families
Present reports indicate in excess
of 100,000 acres of flooded land and
2,015 families affected. 815 families
have been driven from their homes
up to the present time and it is es-
timated that approximately 1,100
families will need Red Cross assis-
tance within the next few weeks.

The information from the Kan-
kakee County Chapter American Red
Cross states that conditions in In-
diana are far more serious in the
present flood by reasons of lower
lands. Certain points in Illinois are
also affected. In Knox County, In-
diana, supply bases have been es-
tablished at four of the highest
points—two are accessible by truck
and two by airplane service in co-
operation with the National Guard
and Federal Plane Service. Re-
ports show that rescue work is pro-
ceeding satisfactorily and supplies are
being brought to the most accessible
points, to which refugees can receive
clothing, food and fuel. Sickness
has developed in several communi-
ties and a physician has been ap-
pointed to meet the situation in co-
operation with the health authori-
ties. The Red Cross is co-operating,
wherever possible, closely with health
authorities.

The losses in the flood are amount-
ing to a very large total by reason
of the total loss of winter wheat
and heavy loss of hay, grain and
corn, which is producing a call for
stock feed. There has also been
considerable loss of stock through
drowning and exposure to water and
severe weather.

The Kankakee County Chapter is
making this appeal upon instruction
from midwestern headquarters and
it is felt that a ready response will
be made by those who can afford it.

MARRIAGE LICENSE
A marriage license was issued at
the office of the county clerk to-
day for Otto W. Kamberg and Mrs.
Louise Buttner, both 46 and of Mo-
nemo.

Suggestions Unheeded

"HER timid suggestions to her parents for new, attractive furniture were made about this time. But they went unheeded. She was put off by excuses—other purchases were more important; the old things were all right; if a girl was pleasant and

...and Ann would have luck it out. I know now that if she could have made her parents understand how desperate her attitude was, they would have allowed nothing to interfere with the modernizing of their home surroundings.

To make a long story short, I wired Ann's father and he arrived the next day, worn with anxiety, overjoy-

run away—and she did. Her tiny savings account carried her here. But jobs were scarce. Her youth, lack of training and absence of recommendations were all against her. When she drifted in here she was frightened, and hungry; her last penny had been spent the night before.

It is so easily forgotten how much home furnishings often falsely tell to us in advance. Many good homes are misrepresented to their children's eyes needlessly by distasteful, old fashioned and ill arranged furnishings.

GRAIN MARKET

By JOHN F. BOUGHAN
Associate Press Market Editor
Chicago, Jan. 29.—3 1/2 bushels turning down nearly to a bushel, wheat prices today here fell to within a fraction of the lowest level reached since 1914, the lowest level of wheat quotations at Winnipeg, Liverpool and London was together with the export demand for wheat from North America. Had a pronounced bearish character, especially at Russia, which was said to have sold 220,000 bushels to Italy and Germany. Heavy wheat cut, but delivery holders are standing orders for wheat losses at various fixed times in the outstanding feature of wheat operations here, with off-crop and early fall dropping to below the average.

New York, Jan. 29.—The curb grain trading community here, of the activity was in the utilities, where a few fair start gains developed, but some industrial and specialties attracted attention.

There was again a feature rising in the spot after the opening of the announcement of the proposed rate for one splitup. It encountered profit taking at the top, however, and left a little more than the New Republic Rice Corporation's common when issued was heavy, 100 points 21 1/2, representing part of the decline. The preferred traded at 83, unchanged.

United States led the utility group, with a rise of 1/2 point, followed by a large turnover. Electric Bond Share and American Superpower range, American with a narrow trading was pushed up 1 1/2 points. American Gas and Lake Power 5, but selling was off.

Lehigh Coal improved 3 points. General Theatres rose 2 while Theatre 8 moved fractionally. Oil shares were off, but selling off 4 points.

TWO HARD GAMES FOR THE K. H. S. DURING WEEK-END

BY EDWARD KLAFFA
Friday night in Buda gym, Kankakee high school basketball team, lightweights and heavyweights, will meet the strongest South Suburban contender when they meet the Thornton quintet of Harvey.

The local factors know that the game will be a battle and are practicing hard for the first game. The team is on top of the heap with four wins while Kankakee is plodding behind them with three wins and one tie.

Harvey has always given Kankakee a hard battle and always either team can leave the floor or field of their recent battle with their heads up in defeat or victory, knowing that they did their best and lost to the better team.

Last season Kankakee lost two games to Harvey, 30 to 18 and 20 to 16. Both were thrillers and very close contests. This year will be no exception. The team tried in battle, they have been burning up the league and will not doubt make things interesting as well as dangerous for Harvian charges.

Hodge, Weller, Pitt, Olob and Rhondan have borne the brunt of the attacks thus far and show fight and vigor that takes them to the top. The two forwards, Hodge and Weller, although light, are very speedy and able. They come through a majority of the season's points and hold their men well defensively.

The center, Pitt, and guards Olob and Rhondan are big and husky and put drive into the line. They are the team's main strength and will be the key to their winning or losing.

Captained by Freddie Boll, the local outfit has announced that it is set and waiting for the Harvian challenge. The team is confident of a win and is looking forward to the game with interest.

SPRINTERS TO FURNISH THE THRILLS

By HERBERT W. BARKER
The Kankakee Press Sports Writers New York Jan. 29.—Sprinters, it appears, will furnish most of the thrills of the 1929 indoor track and field season.

With no Nunn, Wile, Peltzer or Hahn in the immediate offing, the middle distance events, source of most of the sensations in the track world for the last five years, may have to take a back seat as it were, while the boys who specialize in the short distances do their stuff.

The boys who are the most likely to make the most of the season are Chet Bowman, Newark, N. J., a veteran, but they will have to be at top form to make a showing against the invasion of such western stars as George Simpson of Ohio State, Eugene C. Green of Kansas, and Jack Elder of Notre Dame, as well as the southwestern flash, Clay Island of Texas Christian.

Simpson, the world's record holder at 100 yards—9.2 seconds—has been the New York Times' "champion" at Madison Square Garden, Feb. 17. Elder, Kris, Boston, Ireland, and two Canadian, John Fitzpatrick and Leigh Miller are entered in the 100 yard race.

BILLIARDS

Chicago, Jan. 29.—(P)—George Butler Sutton, the billiard player with the fancy goatee and flowing mustache who won the 182 back championship more than a decade ago, is attempting a comeback.

He has removed his goatee and mustache, and has been playing pool much younger than his 60 odd years.

Butler must look younger than he is if he is to get work or billiard opponents, he explained. "It would be you had to look old."

Butler has entered the National Billiards tournament to be held next month in St. Louis.
